■ HOTBEE Commerce Platform V1.0

Brother's Admin, Operations & Payouts Guide

■ 1. QUICK PROJECT SUMMARY

• **Website Storefront URL:** https://hotbee.netlify.app

• **Admin Portal URL:** https://hotbee.netlify.app/admin/login

• **Tech Stack:** Next.js 14 + Supabase + Razorpay + Qikink POD + Netlify

• **Design Theme:** Amber Gold (#FF9D00) & Obsidian Onyx (#0A0C10) Glassmorphism

■ 2. HOW TO ACCESS THE ADMIN COMMAND CENTER

1. Open link: **https://hotbee.netlify.app/admin/login**

2. Enter Access PIN: **1234** (or *hotbee*)

3. Click **Enter Admin Command Center**.

■■ 3. ADMIN FEATURES & WHAT YOU CAN DO

• **Dashboard (/admin/dashboard):** View total sales revenue, order count, active print jobs, and backend connection status.

• **Products Catalog (/admin/products):** View all apparel, add custom Qikink designs, edit prices, or delete products.

• **Orders & Qikink (/admin/orders):** See customer names, shipping addresses, order totals, and update status (Placed ➔ Qikink Submitted ➔ Printing ➔ Shipped ➔ Delivered). Click Printer icon to download customer invoices.

• **Coupons & Promos (/admin/coupons):** Create promo codes (e.g. WELCOME200, HOTBEE10, GOLDVIP).

• **API Settings (/admin/settings):** Check status of all backend connections.

■ 4. HOW TO ADD YOUR QIKINK DESIGNS & PRODUCTS (3 EASY WAYS)

1. Go to Admin ➔ Products (**/admin/products**) and click **+ Add New Product**.

2. Choose how you want to add your design image:

• **Option A (Upload File):** Drag & drop your product mockup file directly from your computer or phone.

• **Option B (Image URL):** Paste an image web link from Qikink, Imgur, or Google Drive.

• **Option C (Design Library):** Pick from previously uploaded artwork in your Design Library.

3. Enter your Product Title, choose a Category preset (e.g. Oversized Tees, Hoodies), and set your Selling Price & MRP.

4. Type your Qikink SKU code (e.g. *QK-TSH-240-BLK*) so Qikink knows what to print.

5. See the **Live Mockup Preview** on the right side, then click **Save & Publish Product Live**. It is live instantly!

■ 5. HOW MONEY & PAYOUTS WORK (ONLINE PAYMENTS & COD)

■ A. Online Payments via Razorpay (UPI, GPay, PhonePe, Cards, NetBanking):

• **How it works:** Razorpay collects payment securely from the customer on your website.

• **Payout Timeline:** Razorpay automatically deposits the money directly into your linked Bank Account within **T+2 days** (2 business days after customer pays).

• **Where to track:** Razorpay Dashboard ➔ Settlements / Payouts section.

■ B. Cash on Delivery (COD) via Qikink Courier:

• **How it works:** The delivery courier (Bluedart/Delhivery via Qikink) collects cash from the customer upon doorstep delivery.

• **Payout Timeline:** Once delivered, Qikink credits the cash directly to your Bank Account on their weekly remittance cycle (typically **every Tuesday & Friday**, within 3 to 5 days after delivery).

• **Where to track:** Qikink Dashboard ➔ Remittance / Wallet Settlements section.

■ **Profit Example per T-Shirt:** Selling Price: ■1,199 - Qikink POD Cost: ~■380 = **~■819 Net Profit to your Bank Account!**

■ 6. WHAT HAPPENS WHEN A CUSTOMER PLACES AN ORDER?

1. Customer places order & pays on website (Online or COD).
2. Order is saved automatically in Supabase database.
3. Order is pushed automatically to Qikink Factory for printing & packing.
4. Customer tracks shipment on **/track-order** via Order ID (e.g., HB-89421).
5. Courier delivers package & profit is deposited directly to your bank account!

Your Daily Action: Keep at least ■2,000 balance in your Qikink wallet for instant fulfillment, and check **/admin/orders** daily to monitor incoming sales!
