2. HOW TO ADD NEW T-SHIRTS TO STORE (TAKES 30 SECONDS)

You never need to touch code or enter complicated image links. Just follow these 4 steps:

1 Get Mockup & SKU from Qikink

1. Log in to **board.qikink.com**.
2. Create or open your T-shirt design.
3. Download the **mockup image** (PNG or JPG).
4. Copy the **Product SKU** (e.g., `MRnHs-Bk` for Men's Round Neck Black).

2 Log in to HOTBEE Admin

1. Go to **hotbee.netlify.app/admin/login** on your phone or laptop.
2. Enter PIN: `1234` and tap **Enter Command Center**.

3 Drag & Drop the Image

1. Click **Designs** in the sidebar menu (or go to **/admin/designs**).
2. Drag and drop your mockup image into the upload box (or tap **"Choose design files"**).
3. The design immediately appears in your library.

4 1-Click Publish to Live Store

1. On the design card, click the orange **"Publish"** button.
2. Fill in 4 simple fields:
   - **Title:** e.g. *HOTBEE Oversized Cyber Tee*
   - **Category:** Select *Round Neck T-Shirt*, *Oversized*, or *Hoodie* (automatically sets sizes S, M, L, XL, XXL).
   - **Qikink SKU:** Paste your SKU (e.g., `MRnHs-Bk`).
   - **Selling Price:** e.g., ₹899 (and MRP ₹1,499).
3. Click **"Publish to Store"**. It is immediately LIVE for customers to buy!

3. WHAT HAPPENS WHEN A CUSTOMER BUYS (100% AUTOMATIC)

AUTOMATED ORDER PIPELINE:

1. **Customer Buys:** Customer selects size, enters address, and pays via UPI/Cards (Razorpay) or COD.
2. **Invoice Generated:** Order confirmation is shown instantly with GST invoice download.
3. **Sent to Qikink:** Order is automatically submitted to Qikink factory with customer address and print specs.
4. **Printing & Packing:** Qikink DTF-prints the T-shirt and packs it in custom HOTBEE branding.
5. **Courier Dispatch:** Courier partner ships the package and sends live tracking SMS to customer.
6. **Delivery & Payout:** Package delivered; money is transferred into your bank account!

4. HOW TO TEST A REAL ORDER RIGHT NOW

Test from Customer Side

5. HOW YOU GET PAID (MONEY FLOW & MARGINS)

Payment Method	How Money Reaches You	Settlement Timeline
Online (Razorpay UPI, GPay, Cards)	Razorpay automatically deposits directly into your bank account.	**T+2 working days**
Cash on Delivery (COD)	Courier collects cash at customer's doorstep; Qikink remits to your bank.	**Every Tuesday & Friday**

Profit Example on 1 T-Shirt:

- Customer pays on your website: **₹999**
- Qikink manufacturing cost (Garment + DTF print + Packaging): **~₹380**
- **Your Net Profit on 1 sale:** **~₹619 PROFIT**

6. BROTHER'S GOLDEN RULES FOR DAILY OPERATIONS

- **Keep ₹1,500 – ₹2,500 in your Qikink Wallet:** Qikink deducts the raw blank tee cost (~₹380) automatically from your wallet when printing. If your wallet is empty, orders will pause. Top up at *board.qikink.com* → *Wallet*.

- **Check Admin Daily:** Open **hotbee.netlify.app/admin/orders** once a day to see new orders.
- **Hit "Sync from Qikink":** Once every morning, tap the sync button to refresh tracking numbers.
- **Keep adding fresh designs:** Whenever you make a cool new concept on Qikink, publish it to HOTBEE immediately to give customers new drops!
